Dear Sirs,

Re : Introduction of our Company - Field of activities Drydocking . Repairs

For 44 years we have been providing a full range of services to ships calling on all Turkish Ports and particularly on transit through the Dardanelles and the Bosphorus.

We are presently extending the following services to vessel of over 200 shipowners.

- A - Loading . Discharging and Ro.Ro services for port calling vessels
- B - For vessel's in transit :
 - 1) Fw supply
 - 2) Full shipchangers services (provisions . technical)
 - 3) Crew changes
 - 4) Custom clearance to ship spare parts

Straits :

According to the new traffic regulations in force transit passage from the straits involves additional formalities and requires particular attention.

We follow up transits closely and ensure nonstop passage without delays.

- C - Quality agency services at Tuzla Drydocking area for vessel's under repairs and docking works. Tuzla Shipyards located in Istanbul (45 km) and our Agency already provided Agency Services to following vessel's with succes.
- D - repair zone at Yalova which is located in Izmit Gulf area. Distance from Sabiha Airport (SAW) 46 km
- E- Also there is another repair zone at Icdas which is located in Chanakkale. Distance from Sabiha Airport (SAW) 316 km
